Fair Was Going at a
Terrific Pace When
He Met His
Death.

PARIS, Aug. 15.—The bodies of Mr. and Mrs. Charles Fair, who were killed in an automobile accident yesterday near Evereux, were embalmed and placed in coffins today, after which they were shipped to Paris, whence they will be taken to San Francisco.

The chauffeur said today that before the accident he noticed the tire of the left hind wheel of the machine was deflated and that the rim of the wheel was rubbing on the ground. He told Mr. Fair, who tried to stop, and the accident followed. Peasants who saw the automobile say it was going at such a terrific pace at some points that it was impossible to distinguish its color. The firm that sold Mr. Fair the automobile last June says he paid \$12,000 for it and ordered another at the same price to be of 60 horse power. The second machine was almost ready for delivery.

Mr. Fair was passionately fond of automobile and never missed a day on the road. Several times he attempted to beat the one-hour record.

PUTS THE BLAME ON THE WOMAN

TELLS THE STORY OF THE MUR-
DER IN ORDER TO TRY AND
CLEAR HIMSELF.

DES MOINES, August 15.—A special from Iowa City states that Charles Holaday had made a confession in which he states that James Gallagher was murdered by Mrs. Gallagher with his complicity and that the crime was committed because he and Mrs. Gallagher were in love. Gallagher was a wealthy stockman. Four months ago he was murdered at midnight while sleeping by the side of his wife and child, the assassin sending a bullet from a target rifle through Gallagher's head. Holaday, directed they planned to poison Gallagher, when he was present at the house the night of the murder. He left hours before, and had no hand in the shooting.

NEGRO ESCAPED AFTER A STRUGGLE

LODGE, Wisconsin, August 15.—A negro assaulted Anna Zimmerman daughter of a farmer a mile east of Dane, last night leaving her unconscious.

A posse caught the negro but after a desperate struggle he escaped and is now at large. The girl's condition is serious.

COMMINS SUED FOR A DIVORCE

WIFE SAYS HE SLAPPED HER FACE AND SHE WILL NOT LIVE WITH HIM.

BURGLAR TRIES TO ENTER A DRUG-STORE.

An attempt was made to enter the drug store of Paul N. Huntly at 1507 Seventh street, but before the burglar succeeded in accomplishing his object the approach of Mrs. John P. Commins, a well known real estate man whose place of business is in San Francisco.

The husband is reported to have property valued at between \$6000 and \$7000. As soon as the complaint was filed, Attorney Aldrich, who represents the plaintiff, secured an order from Judge Ellsworth restraining Commins from disposing of his property pending the determination of the case.

Extreme cruelty has been charged, and it is alleged that it livers times the defendant has slapped his spouse to the face.

The complainant is said to be only 21 years of age, while her husband is twice that age.

The couple reside at 50 East Twelfth street and have two children.

CONGER FIGHTING WIFE'S CHARGES

GAINS A PARTIAL VICTORY IN A DEMURRER TO THE COMPLAINT.

Charles D. Conger who has attained considerable notoriety by reason of sensational charges made against him by his wife, Mrs. Little M. Conger is taking a determined fight to prevent his spouse from securing a divorce from him on the ground of cruel conduct.

He obtained a partial victory in a decision by Judge Hall this morning in which a demurmer to the complaint of his wife was sustained. The latter was allowed ten days in which to amend her complaint and make it more specific.

One of the principal charges made against Conger is that he has a jealous disposition and an unmerciful temper. Both were displayed, the

CASTRO CHALLENGES HIS WIFE'S STORY

Mrs. Henrietta Castro, in the estimation of Judge Hall, was not sufficiently explicit in her charges of infidelity against her husband Angelo, whom she is suing for divorce, and, accordingly, the Judge this morning sustained the husband's demurser to the complaint.

The Castros were married in 1898 and have a child 17 months old. The husband has been charged with cruelty, and other violations of his marriage vows. He has, it is alleged, frequently stopped away from home at night and passed the time in the company of other women. The complaint, however, failed to show who the woman was or where the dalliance had taken place. This information was demanded by Castro's counsel this morning, and as it was not forthcoming, the court sustained the demurser. Hence the complaint must be amended.

Yolo are expected on a trade.

That sizes up the Gage fight, with

the exception of getting a break from Pardoe. But it

is all a case of ifs and ands that may

happen, for the total strength of the

disaffected San Francisco dis-

tricts, and Garoutte's delegates from

Yolo are expected on a trade.

They admit that the Governor can-

not count on more than 200 votes from

San Francisco and Los Angeles, but

figure up considerably more than a

hundred from the outside. They expect

to get a majority in the following way:

First, they expect to control Martin

Kelly's delegates in the city by hold-

ing the County Convention as a club

over his head.

Second, by trading with candidates

for inferior places on the ticket.

Third, by a break from the Pardoe

forces.

For instance, they expect to program

Sonoma's 22 votes by forcing the hand

of Controller Colgan. They also expect

to shake down Congressman Coombs

for the Napa delegation. And there

are others.

Another Richmond has come into

the field for the Congressional nomi-

nation in the First District in Frank W.

Street of Tuolumne county.

Selbridge and Gillette, the other two

candidates, are both from Humboldt,

and have split the vote of that county

in half, so that Gage cannot get more

than one

FUNERAL OF THE LATE SENATOR MACMILLAN

DETROIT, August 15.—Extreme simplicity marked the funeral services this afternoon over the late Senator James MacMillan. The Senator's late residence was crowded to its capacity and many persons were unable to gain admission. Both branches of Congress, the State Legislature and all departments of State and City government were represented. Governor Bliss was present with several of his staff.

The senatorial delegation included Senators Hanna, Allison, Iowa; Lodge, Michigan; Burrows, Mich.; Fairbanks, Idaho; and Cockrell, Missouri. Rev. Alfred M. Barr, for a long time the Senator's pastor here, officiated at the services.

PARDEE'S CHANCES BRIGHT.

Dr. Pardee's candidacy for Governor is growing in strength steadily, and the prospect of his receiving the nomination has improved from the hour that he became assured of the solid backing of Alameda county. The more his candidacy is canvassed, the greater his availability appears. His nomination would harmonize all the elements of the party and insure sweeping success at the polls. He would inspire the party in every part of the State, and especially in the great Republican strongholds. His name would be a tower of strength in the close Congressional districts. Therefore his nomination is peculiarly desirable in view of the fact that the contest for control of the next House of Representatives promises to be close and sharp. There is no better way of holding up the hands of the National Administration than by placing George C. Pardee's name at the head of the ticket. He is sure of winning and he will aid other Republican candidates to win.

THE GARBAGE QUESTION.

The garbage question presents an intolerable situation in this city. Under the law it is a misdemeanor to dump garbage within the city limits. It is a wise law, the fruit of bitter experience. More than one section of Oakland has suffered grievously in the past from this nuisance. Property values have been decreased and some places made almost uninhabitable by the stench and unhealthy conditions protracted by decaying matter. For years residents in the vicinity of what was formerly the West Oakland marsh were the victims of a noxious outrage in the shape of garbage and sewage being dumped in their immediate neighborhood.

The scavengers being provided with no convenient place for dumping garbage outside the city, have violated the law by dumping it on vacant lots inside. They were arrested and have since refused to remove the garbage till they are provided by the municipality with a dumping ground. This has left hundreds of families without any means of disposing of their kitchen refuse, and a wholesale violation of the health ordinance is the result. The scavengers attacked the validity of the garbage ordinance, but the City Attorney and District Attorney both declare it to be sound and operative.

Aside from that the scavengers lay themselves liable to arrest for creating a nuisance by dumping garbage near residences whether located inside or outside the city limits.

The situation is an imperative reminder of long neglected municipal duty. The city should provide for some method of disposing of its garbage without creating plague spots. The crude and unsanitary method of dumping it on the surface should be abandoned, for it is bound to be productive of injurious consequences under any circumstance. Garbage should be burned. It should never be permitted to rot and breed sickness in the vicinity of human habitations.

The report of the Citizens' Advisory Committee recommended a bond issue of \$25,000 for the construction of a garbage crematory, but City Attorney Johnson says a bond issue for that purpose cannot be legally submitted. Therefore the expense of a crematory, if one be erected, must come out of the current revenues of the city. Whether the necessary sum can be provided or not, it is absolutely incumbent upon the city authorities to provide some means whereby the garbage can be disposed of without compelling a violation of the law.

AN INTERESTING LEGAL PROBLEM.

STOCKTON'S NEW POSTOFFICE OPEN

STOCKTON, Aug. 15.—The new Stockton postoffice was thrown open for business today. The erection of the building has been under consideration at Washington for eight years. Actual construction was begun about a year ago and the structure, which is of stone and finished in marble, was completed a few days ago. The post office was formerly in the Masonic Temple building. The new structure, which is three stories high and contains Federal offices also, is situated at the corner of Market and California streets. It cost over \$100,000.

PERSONAL AND SOCIAL NOTES

KNIGHTS OF PYTHIAS ENDED THE FESTIVITIES WITH A BANQUET.

Last night the Pythians gave a reception at a local hotel. It was tendered by Dr. Duglo Lodge, No. 224. Knights of Pythias, to the officers of the local lodges of the Pythians, Rathbone Sisters and visiting members of the order. The parlors and hall of the hotel were decorated with the tri-color of the Knights, palms, potted plants and pink gladioli.

The dispatches state that the inspector had been "laboring" for days with Thompson to obtain this confession, and was very much disappointed at the denial with which it closed. The "laboring" consisted of solitary confinement in a dark cell, and constant questioning, interspersed with fabulous stories of what the police had discovered. He was told all sorts of lies to make him tell the truth. The police had a theory, and they pretended to have made many discoveries that fitted in with this theory in order to get the suspect to confirm it. They got what they sought with the assurance that it was a gold brick. Thompson was asked to incriminate himself that he might be exposed to have murdered his sweetheart and then his mother. Bartholin has lied, and the police are "sweating" Thompson to gain knowledge of his whereabouts as well as evidence to convict him of the crimes. The murders were atrocious and the circumstances point to Bartholin as the perpetrator, but the methods adopted to extort a confession from Thompson are opposed to the spirit of the law and to public policy. They are closely akin to torture, and amount to a denial of the ordinary rights which the law concedes to persons accused of crime.

NEW YORK'S GREATNESS.

The listing of Russian national securities on the New York stock exchange is an evidence of the fact that the American metropolis is rapidly becoming one of the world's greatest financial centers. While New York financiers have long speculated in European bonds, they have usually done so through the London, Paris and Berlin houses. The listing of the Russian center here indicates a movement to have European bonds included in the daily quotations of the New York Exchange. This confirms the judgment of the shrewdest observers who predict that New York is destined in the near future to become the world's great financial center. It is rapidly becoming the largest and most beautiful as well as the most opulent city on earth. Within a period variously stated at from twenty to fifty years it will be the most extraordinary municipality that civilization has produced in either ancient or modern times.

Today we announce some reductions which cannot but appeal to every careful shopper.

KING'S VISIT TO OSBOURNE

HE SENDS AN ADDRESS TO THE
PEOPLE OF PORTS-
MOUTH.

COWES, August 15.—King Edward's reply to an address from the city of Portsmouth yesterday was handed to the Mayor of Portsmouth today. On behalf of himself and Queen Alexandra, his majesty thanks the city for its congratulations on his coronation, the recovery of his health and the conclusion of peace, and adds:

"We are unforgivably thankful for the mercies which it has pleased Almighty God to vouchsafe to us and to our people, and we trust, now that we are happily at peace with all the world, that the recent rejoicings wherein the whole empire shared, may send us forward, each in his own station, to work with renewed earnestness for the maintenance and improvement of our noble inheritance, and the accomplishment of that end a great passport. For myself, I shall ever be stimulated in my exertions for the welfare of the empire by the ineffaceable recollection of a tribute of loyalty and affection which has touched me deeply."

Arriving at the Prince of Wales landed at West Cowes today and visited Osborne House.

During the morning the King marked the spot occupied by the coffin containing Queen Victoria's body on the deck of the royal yacht Victoria and Albert, brass plates was set up in the garden bearing the words: "Here rested the beloved remains of Queen Victoria, from February 1 to February 2, 1902. Born May 24, 1819. Died January 22, 1902."

DEATH SUMMONS

MRS. ELLEN R. SEERY.

After a long life of usefulness—a life devoted to charitable works and to the bettering of her fellow beings—Mrs. Ellen R. Seery, a pioneer of California, died Wednesday at her home at 239 Estie street in North Oakland.

Death came after a brief illness, the cause of which was heart disease.

Mrs. Ellen Seery was a native of Ireland, where she was born sixty-six years ago; she was in excellent health, and the maidenhood and twenty-five years ago she settled with her husband in the then little-known San Francisco suburb.

Death eventually claimed her. She was a noble woman, good and true, and many who have been benefited by her acts of charity will join her friends and family in mourning her sudden demise. A week ago she was in excellent health, and the shock of her sudden taking of death was great to those who knew that she had made her uniform kindness and lovely disposition.

Mrs. Seery was a widow, but she leaves three children to mourn her loss. They are Mrs. Rose Cassidy of Berkeley, Mrs. Katie Davis and Miss Mary Seery.

The funeral will be held Saturday morning at 10:30 o'clock at the home of a son-in-law of the deceased, Charles Davis, at 832 Castro street, and from there to Sacred Heart Church, where a requiem mass will be said for the repose of her soul. The remains will be interred in St. Mary's Cemetery.

WILL RECONSTRUCT THE BAY FARM BRIDGE.

The work of reconstructing the Bay Farm Island bridge will begin within two weeks and will be completed within 100 days. This was made certain by a resolution adopted by the Board of Supervisors yesterday afternoon.

Cotton Bros. & Co. were awarded the work at a contract price of \$19,553.

The materials formerly composing the old Webster street drawbridge will be used on the new bridge. The county is now paying \$50 a year for the storage of the old bridge.

The plans and specifications for the new bridge were adopted as an emergency measure, owing to the unsafe condition of the Bay Farm Island bridge.

POINTING OUT THAT THERE ARE NO VACANCIES IN THE UNITED STATES AND BEING ASKED TO CALL ATTENTION TO THE DIFFICULTY ARISING FROM THE FACT THAT THE EXPELLED SISTERS DO NOT SPEAK THE ENGLISH LANGUAGE, SHE APPLIED FOR A POSITION AS BETTER FIELD AS SISTERS ARE EMPLOYED, SCARCELY SCARCE THERE AND BECAUSE FRENCH IS SPOKEN IN A LARGE PART OF THE DOMINION.

The applicants, however, did not take kindly to the suggestion and persisted in their requests to go to the United States.

DEATH WAS ACCIDENTAL.

A Coroner's jury in the case of Jacob Heinsohn, who was asphyxiated yesterday at the Old German Home, rendered a verdict of asphyxiation by illuminating gas, probably.

The deceased will be buried tomorrow in Mountain View Cemetery.

\$12.50 THE SUIT

You go first My Dear Gaston"

For more than half a century, the name of Kohler & Chase has shed lustre upon the musical life of our western country—for fifty-two serious and vital years we have been interested in the piano and organ business—care and conscience have marked every step—in our leadership to bring piano-selling within the sphere of modern ideas, only dignified names have appeared. The best were needed for the trade law applied to musical art. With the best of several distinct classes of pianos and organs the success has been won; and thus pianos that are historic, and organs equally historic, are a part of Kohler & Chase.

One of the most select; perhaps most lonely spots in the art of commerce is the first rank of piano making. Kohler & Chase gives hospitality to more honored piano names than are grouped in any other Pacific Coast store.

During these many years we have attended strictly to the piano and organ business—have never deserted it to embark in the stool and scarf business (giving our old piano stock as premiums)—have never allowed our minds to imagine that the breezes that rock the Brooklyn bridge came from pianos (a lot of ancient Bowery dance hall instruments)—have not had the time to stir up the beach sands with a whisp-broom and then jolly ourselves in the belief that the disturbance was caused by the weird discordant tones of some poor competitor's "thump-boxes."

We have "tended to our own knittin'." We have offered and are offering strictly high-grade pianos on exceedingly low terms—what store, save our own, will offer you pianos, equal in grade, to the Fischer, Blasias, H. M. Cabilio, Kohler & Chase, Steinhauer, Regent and many others, on terms of \$6.00 per month?

On such terms, why should you go elsewhere, take an inferior piano, and pay more money for it than a first-class instrument can be purchased from us.

GIRLS TAKE BOYS' PLACES

WESTERN UNION MESSENGERS
ARE STILL OUT ON A
STRIKE.

You want
the best
gloves, but—

The Western Union messenger boys who went out on a strike yesterday seem determined that the company shall grant their demands.

All today they have been lounging around the office on Broadway keeping any boys from applying for a position. The management has secured girls who have been delivering messages in the outlying districts.

The cause of the strike is that the boys want to be paid carfare when they ride on their wheels to deliver messages. They say that the company requires them to buy wheels and pay for their uniforms. The boys claim that as they own their own wheels they ought to be paid carfare just as though they did not have a wheel.

WILL BE GUESTS OF
HON. V. H. METCALF

Tomorrow, Congressman Metcalf, accompanied by Mrs. Metcalf, Miss Edith Kitzmiller, Congresswoman, and Mrs. James E. Watson, of Indiana, will pay a visit to Mare Island on the steamer Iris. Mr. Watson is of the House Committee on Naval Affairs, and comes to the coast as a delegate to the Pythian convention.

ANOTHER RAILROAD TO ENTER OAKLAND.

CONNECTION WITH INTERIOR VALLEYS TO BE ESTABLISHED AND A NEW FERRY WITH SAN FRANCISCO.

The fact that Oakland is to have another railroad, which has already been advertized to in these columns, was convincingly demonstrated yesterday by the incorporation of a company for the purpose of carrying out the project. The articles of incorporation were filed in San Francisco. The enterprise will be backed by capital to the amount of \$6,000,000. The money will be furnished by men of means in this city, San Francisco and the East. All of the projectors are well-known business men. It is not yet definitely known whether or not some railroad company now in existence is behind the undertaking. This much is assured, that better transportation facilities between this city, San Francisco and the San Joaquin and Santa Clara valleys are to be supplied.

INCORPORATORS.

The incorporators, all of whom were elected directors of the new company are: J. Dalzell Brown, vice-president of the California Safe Deposit and Trust Company; A. C. Kains, assistant manager of the Canadian Bank of Commerce; F. M. West, president of the Stockton Savings and Loan Society; Thery L. Ford, Attorney-General of California; Walter J. Bartnett of the law firm of Booth & Bartnett, and John Treadwell of this city; Henry F. Fortman, president of the Alaska Packers Association, is also a director, although his temporary absence from San Francisco caused the omission of his name from the list of incorporators.

THE BEGINNING.

The company is ready to commence work and will begin operations just as soon as a franchise can be obtained in this city and application for a franchise will, in all probability, be made at the meeting of the Council which will be held next Monday night.

STOCK.

The capital stock is \$6,000,000 and of this amount \$1,000,000 has already been subscribed. Walter J. Bartnett, on behalf of the Eastern capitalists, with whom he has been in frequent conference during the past twelve months, having subscribed \$184,000 and the other six incorporators \$100,000. Of the amount thus far subscribed, 10 percent or \$20,000 has been deposited with J. Dalzell Brown, the treasurer of the company. There are 60,000 shares of \$100 each.

NAME AND PURPOSE.

The new organization will be styled the San Francisco Terminal Railway and Ferry Company.

The avowed purpose of the company is to connect the San Joaquin and the Santa Clara valleys with San Francisco by new lines of railroad, the work being inaugurated by a number of local Eastern railway magnates, and the road will be built mainly with Eastern capital.

The company will build a line of railroad from this city to San Jose, a line through the Castro valley, Hayward, and joining the Alameda and San Joaquin Railroad Company's road near the boundary line between Alameda and San Joaquin counties, a total of sixty miles, with fifteen miles branch line to the second branch west of Hayward to San Jose, thirty-five miles; the third from Alameda to San Leandro, ten miles; the fourth, from Oakland to Berkeley, ten miles; and the fifth from Haywards to Dumbarton point, on San Francisco bay, thus securing an outlet on tidewater. The acreage in each of the road will be about 145 miles.

The headquarters of the San Francisco Terminal Railway and Ferry Company will be in San Francisco.

The papers fix the period of incorporation at fifty years.

an amount of experience in work of this kind. Mr. Vandercoek is also one of the leading promoters of the enterprise.

DIRECTION.

The road will run along Third street in this city, sufficient abutting property having been purchased along that street to secure a franchise. In East Oakland the line will pass mainly over private property which has been secured. All necessary property has been secured in this city and a large amount has also been purchased in Haywards Pass, where a force of surveyors is now at work locating the line at that place.

ANOTHER FERRY.

In connection with the new road will be the great desideratum of a ferry system between this city and San Francisco, which will engage in competition with that of the Southern Pacific now in existence and that of the Oakland Transit Consolidated, which is soon to be inaugurated. In this ferry system the connection with the new road will be made.

For the present at least, the identity of the Eastern capitalists who are interested in the project is not revealed.

BEGINNING.

The company is ready to commence work and will begin operations just as soon as a franchise can be obtained in this city and application for a franchise will, in all probability, be made at the meeting of the Council which will be held next Monday night.

STOCK.

The capital stock is \$6,000,000 and of this amount \$1,000,000 has already been subscribed. Walter J. Bartnett, on behalf of the Eastern capitalists, with whom he has been in frequent conference during the past twelve months, having subscribed \$184,000 and the other six incorporators \$100,000. Of the amount thus far subscribed, 10 percent or \$20,000 has been deposited with J. Dalzell Brown, the treasurer of the company. There are 60,000 shares of \$100 each.

BRANCHES.

The new system will have five branches. The first will begin at San Francisco, going westward by way of Oakland, from Oakland to Livermore, and joining the Alameda and San Joaquin Railroad Company's road near the boundary line between Alameda and San Joaquin counties, a total of sixty miles, with fifteen miles branch line to the second branch west of Hayward to San Jose, thirty-five miles; the third from Alameda to San Leandro, ten miles; the fourth, from Oakland to Berkeley, ten miles; and the fifth from Haywards to Dumbarton point, on San Francisco bay, thus securing an outlet on tidewater. The acreage in each of the road will be about 145 miles.

The headquarters of the San Francisco Terminal Railway and Ferry Company will be in San Francisco.

The papers fix the period of incorporation at fifty years.

OAKLAND BOY

SHOT IN DEFENSE

EUGENE PETERS SAYS HIS LIFE WAS IN DANGER WHEN HE FIRED.

MARTINEZ, Aug. 15.—Eugene Peters, the Oakland boy, who shot and killed William Fraser in a saloon brawl at Richmond Wednesday night was brought here today by charge of Deputy Sheriff Bouquet and lodged in the county jail. The prisoner maintains an attitude of indifference concerning the crime and sticks to his original statement that he shot only in self-defense.

"Fraser had me by the throat and was choking me," he said. "He was stronger than I was, proving himself my master. He had trained as a pugilist, and was only when I realized that his strength was overrunning me that I fired."

Sheriff Veale spent the day in Richmond investigating the case. The bullet which killed Fraser was found beneath the floor of the saloon and will be held as evidence. Several persons who witnessed the shooting told Sheriff that the statement of Peters is true and that Fraser had him by the throat and was choking him.

The body of the dead man was brought up from Richmond this morning and is in the Morgue, where an inquest will be held today.

SALE OF DOG LICENSES.

As a result of the sale of dog licenses there is the sum of \$1,355 in the City Treasury to be divided among the several funds. This amount has been collected since last July. Since that date dog licenses at the rate of \$1.50 each have been disposed of to citizens who want their canine pets safe from the poundman.

WANTS A DIVORCE.

Mrs. Madge Englewood has brought suit for divorce from Ulysses G. Englewood, from the ground of desertion. The couple were married in 1894, and have one child.
